

COUNTY BOOSTERS ORGANIZE FOR YEAR

Officers Are Elected, Committees
Named and Arrangements Made
For Annual Banquet March 17

REPORTS TO BE MADE THERE

Boosters Will Endeavor During Sec-
ond year of Organization to
Boost County More

The Rush County Boosters organized for the year at a meeting Friday night, new officers were elected and plans were made for the second annual banquet of the organization to be held two weeks from next Tuesday evening, March 17.

Tentative plans for the year's activities were discussed, including the carrying through of the county boys' corn club project, in which 125 boys of the county have been enlisted.

Hugh E. Manzy was elected president of the Boosters, succeeding Omer E. Trusler, and Jack Knecht was named treasurer to succeed Ed Pitman. Donald D. Ball was chosen as secretary.

The directors elected for the year are as follows: Paul Allen, Warder Wyatt, Fon Riggs, Glen Foster, Earl Osborne, Will B. Norris and Omer E. Trusler.

The Boosters will endeavor during the year, it was brought out in the discussion of plans at the meeting, to interest everyone in the community in the boosting of the best interests of all Rush County.

At the annual banquet, members of the organization will be given a report on the activities of the Boosters since the formal organization at a banquet one year ago this spring. Those who supported the movement will learn at that time just how their money was spent and to what advantage, and the accomplishments of the Boosters will be set out in detail.

The following committees were selected by the new president to make arrangements for the banquet March 17:

Banquet—B. O. Simpson, H. S. Havens and Merrill Ball; program—John A. Tittsworth, Dr. J. B. Kinsinger and Warder Wyatt; finance—Paul Allen, Fon Riggs and Jack Knecht.

A special committee to negotiate for the location of a canning factory was appointed, composed of George Griesser, R. L. Tompkins and John A. Tittsworth. Several canning factory promoters have been here in recent months and are very anxious to start a factory in Rushville.

NEW OWNERS TO TAKE CHARGE OF PRINCESS

G. J. Smith and Fred Casady will
Assume Ownership at Close of
Business Tonight

ANNOUNCE PLANS, POLICIES

G. J. Smith and Fred Casady, owners of the Castle and Mystic theatres, will formally come into possession of the Princess theatre in the Masonic building tonight when the theatre closes for the day's business, and from that time on all moving picture theatres in Rushville will be under the direction and management of Casady and Smith.

The new owners of the Princess announced today that it would be their policy to maintain the standard set up by Walter F. Easley, the retiring owner, and their constant endeavor to raise the general standard of moving pictures in Rushville.

They pointed out today that advantages would accrue to motion picture show patrons of Rush county by having the booking for all Rushville theatres under one head. Some contracts will have to be worked out before a marked change in policy can be undertaken.

Casady and Smith announced that there would be only one matinee for each picture at each theatre. For example, when there is a matinee at the Castle, there will be none at the Princess, except Saturday, when both houses will run matinees, but there will be none at either theatre on Friday afternoon.

CONNERSVILLE MAN TO SPEAK

C. C. Hull to Address Judge Sparks' Bible Class Wednesday Night

Indiana State Library Connerville, a noted Methodist layman, will speak to the members of Judge Will M. Sparks' Bible class of St. Paul's church at a banquet in the basement of the church next Wednesday evening.

Members of the class have invited guests and indications are that the basement will be well filled for the dinner, which will be served by the Friendship class of the church.

A musical program will be provided by the Sunday school orchestra and there will also be a program of readings. The dinner will be served promptly at 6:30 o'clock.

LATIN CONTEST FOR COUNTY HELD TODAY

Six High Schools and Soldiers' and Sailors' Orphans' Home Are Represented

FOUR DIVISIONS IN CONTEST

Two Winners in Each Event Will be
Entitled to Represent County in
District

The county Latin contest was being held here today at the Graham high school, and representatives from the schools were taking part in an effort to win honors which will enable them to enter the district tourney.

Miss Jean Sparks, of the Webb high school, was in charge of the county contest today. The district contest, in which the two highest winners in each division from all over the Sixth District will meet, will be in charge of Miss Helen Jaehne of this city.

The district contest will be held in this city in two weeks. There are four divisions in the contest, being for Freshmen, Caesar, Cicero and Virgil classes. Each school held its elimination contest and was entitled to send two pupils to the county for each division. Some of the schools were entered only in certain classes.

The schools represented here today in the contest were: six from Gings, two from Webb, two from Raleigh, four from New Salem, two from Carthage, eight from Rushville, six from Milroy and two from the state Soldiers' and Sailors' Orphans' home in Center township.

The papers will be graded and the two highest point winners in each division will be eligible for the district contest with the winners from other schools in the eight counties of this district.

The same elimination process will prevail in the district contest, with the two highest grades in each division, being entitled to enter the state contest to be held later at Bloomington.

The Rush county students today were to be entertained at a luncheon at the school building, given by the Latin club of the Rushville high school. A program also was arranged from the visitors this afternoon.

Indianapolis, Ind., Feb. 28—Schedules for the sixty-four sectional state high school basketball tournaments, which will be in progress throughout next week-end, were drawn here today by A. L. Trester, permanent secretary of the Indiana High School Athletic Association.

The winners of the sixty-four sectional meets on March 6 and 7 and will compete in eight regional on March 14. The regionals will be held at Evansville, Fort Wayne, Gary, Martinsville, Anderson, Richmond, Kokomo and Frankfort.

Sixteen teams' two from each region, will meet in the state finals in Indianapolis, March 20 and 21, for the last stages of the state net title.

Rushville high school drew a bye in the first round of play and will not get into the contest until the second round opening next Saturday morning, when they will meet either Arlington or the Orphans' Home team.

In order to go to the finals, Rushville will have to play three games Saturday.

A bye in the first round was the result of an uneven number of

MINISTER FROM CHINA TO SPEAK HERE SUNDAY

The Rev. W. T. Locke Will Discuss
Missions at First Presbyterian
Church Sunday Night

PROGRESS ALONG THIS LINE

The Presbyterian church throughout the country is putting on a campaign of information and inspiration and for this purpose the Rev. W. T. Locke of Hunan, China, will speak in the First Presbyterian church, Sunday night, coming here from Shelbyville.

It may surprise those who are not informed to know that in the past twenty-five years the gifts of Protestant Christians to Foreign Missions have more than trebled, amounting in 1923 to almost \$70,000,000. Of this amount the churches of the United States contribute 65 per cent and the churches of Canada give 5 percent. Equal progress has been made in the number of converts, Sunday schools, teachers and pupils.

The speaker should be greeted by a large audience and the people should be informed about this world wide business in which they are engaged, through national missions, foreign missions, Christian education and the care of the workers.

At the morning service the pastor will speak on "The Awakening Church," as revealed both in its strength and the beautiful garments of service which it is putting on. This is a part of the campaign leading up to Easter.

ECONOMY PROGRAM FACES A CRISIS

Chief Executive Begins Consideration of Congressional Authorization of Salary Raises

TWO BILLS AWAIT COOLIDGE

To Base His Decision on Two Measures on Effect Increase Will Have on Financial Policy

By DALE VAN EVERY
(U. P. Staff Correspondent)
Washington, Feb. 28—President

Coolidge's economy program faced the most serious crisis of this term of congress today as the chief executive began consideration of congressional authorization of salary raises totaling more than \$70,000,000 annually.

Two bills now awaiting Mr. Coolidge's approval or veto would raise the salaries of members of the cabinet, members of congress, their secretaries, the vice president, the speaker and several hundred thousand postal employees. To meet the greater part of the postal increases would be provided however, by a \$59,000,000 increase in postal rates.

His mind is open on both proposals. In the last analysis he will base his decision on the effect the increase will have on his financial policy. If he decides either bill will hamper his tax reduction plans seriously, he will veto it.

The new postal bill, passed finally late Thursday, would increase postal salaries effective January 1, a total of \$68,000,000 annually and postal rates, effective April 15, a total of \$59,000,000 annually. The rate increase would fall principally upon the parcel post.

INDICTED FOR MURDER

Indianapolis, Ind., Feb. 28—Edward Prater, youthful bandit who shot Forrest Van Devere, a street car conductor in an attempt to rob him of the small sum of money in the conductor's change belt, was indicted Friday for murder. Lawrence Carlele, companion, was indicted for robbery.

PENNSYLVANIA WILL BE NEXT

Rum Scandal May be Uncovered
Following Expose at Cleveland

Cleveland, Ohio, Feb. 28—The next great rum scandal cleanup may be started in Pennsylvania, it was learned from an authoritative source today, following the indictment of Joshua Russell, federal prohibition director of Ohio and former congressman, and nine other Ohio business men and "politicians."

The indictments charged conspiracy to violate the prohibition laws on two counts.

During the investigation by the federal force under Mrs. Mabel Wilbrandt, chief liquor law violation prosecutor in the United States, testimony bobbed up involving violations in Pennsylvania. This testimony has been kept secret the officials deciding to "clean up" Ohio first and investigate conditions in each state one at a time.

SENATE MAKES UP FOR LOST TIME

Tries Furiously to Dig Itself Out of
Heap of Bills Accumulating During
Democratic Junket

APPROPRIATION BILL DELAY

Will Have to go Back to House for
Passage Again Due to an Amend-
ment Being Left Off

By RAYMOND A. BRUNER
(U. P. Staff Correspondent)

Indianapolis, Ind., Feb. 28—The Indiana senate made up for lost time today and held the first Saturday session of the Indiana general assembly.

It tried furiously to dig itself out of a heap of bills which accumulated during the junket of the Democratic minority to Ohio.

A fight was expected to start off the program today with the passage of the Carney house bill to prohibit the use of oleomargarine in state institutions as a special order of business.

The bill failed to obtain a constitutional majority when it came up for passage yesterday and another attempt will be made to send it to the governor today.

Action on the \$48,727,000 general appropriation bill which was to have been the special order of business in the senate sitting as a committee of the whole Monday was suddenly postponed when it was learned that the amendment was inadvertently left out when it passed the house. A vote will have to be taken on the measure in the house before it gets to the senate.

Public service commission forces were successful in the senate late yesterday when a minority committee report for passage of the Cravens bill to abolish the commission was killed and a majority report for passage was adopted.

The bill would have created a public utilities commission of three members. Under the bill, legal experts of the commission would operate from the attorney-general.

Following a debate the senate passed to second reading the administration measure to abolish the board of trustees of the Indiana farm colony for feeble minded and placing the administration of the farm under the Indiana school for feeble minded youth.

The senate adopted a majority committee report for the passage of the measure.

The Barker senate bill providing for reappraisal of real estate in 1925 and every four years thereafter became a law late yesterday when it was signed by Governor Jackson.

The law will not take effect now, however, until 1929 for the reason that the state tax board has ordered a reappraisal for this year under the present law and work on the new real estate valuations will start Monday.

Purchase of the Indiana Dental college at Indianapolis for \$40,000 to be used by Indiana University was approved by the house yesterday when it passed the bill introduced by Representative Harris of Gary.

GROUND BROKEN FOR PAROCHIAL SCHOOL

New Building to be Erected by St.
Mary's Congregations Will Also
Serve as Community Center

WILL HOUSE A GYMNASIUM

Bowling Alleys and Club Rooms on
First Floor With Gym and School
Rooms on Second Floor

Ground was broken this week for the construction of the new St. Mary's parochial school and community building, to be located at the rear of the St. Mary's Catholic church, with the main entrance facing Fifth street. The building will be pushed to completion during the coming summer.

The plans and specifications of the architect, Karl P. Henkel of Connerville, have been accepted, and bids are under consideration for the general construction, and the contract will be awarded shortly for the actual construction.

The general construction will cost \$50,000, and the total cost of the new building will exceed that amount, according to the Rev. Francis Schaub, who has been greatly interested in the project for a number of years, and is now seeing the plan materialize.

The new building will occupy ground space, 99 by 110 feet, and will be constructed of a beautiful, rough finished brick, and the plan to be followed out is in keeping with modern day architectural designs.

The front of 110 feet will face Fifth street, with the entrance to the community portion of the building at this place, leading directly into the first floor, which will be partially excavated in the sloping hillside.

The entrance to the second floor will be on the west end of the building, and this part leads up a flight of stairs into the class rooms for the school purposes. According to the present plans, there will be four commodious class rooms, all facing on the south, and extending over the front half of the building. The north half of the second floor, leads off into the balcony of the auditorium.

The present frame school building has been moved back in order to permit further excavation for the new school, and this part of the work is now under way, so that when the general contract is awarded the work can be started at once.

Upon entering the main floor from

MINE INSPECTOR TO MAKE REPORT TUESDAY

Albert Dally to Report his Findings
as to Cause of Mine Explosion
at Sullivan, Ind.

AT CORONER'S INQUEST

Indianapolis, Ind., Feb. 28—Albert Dally, state mine inspector expects to make his report on the investigation of the Sullivan mine explosion at Sullivan next Tuesday, he announced today.

Dally will go to Sullivan to attend the coroner's inquest which will open at nine o'clock Tuesday morning in the city hall and hopes to have his findings as to the cause of the explosion ready at that time.

Dally said he and his assistants were unable to make a complete inspection of the workings of the city mine yesterday because fresh caveins made it extremely dangerous to enter some of the passageways.

He said however that the survey was thorough enough to furnish him the information necessary for his report.

Sullivan, Ind., Feb. 28—The city of Sullivan was returning to normal today just one week after the fatal mine explosion in the City mine which snubbed out lives of fifty-one miners.

Citizens were making an effort to pass off the shadow of the tragedy and the week of mourning and the funerals that followed.

Contributions for the relief fund for bereaved families were estimated at \$40,000, of which one-half is already in the bank here today.

Thomas Meighan Picture
Thomas Meighan in any Paramount picture is worth seeing. But Thomas Meighan in a Herbert Brenon pictureization of James Oliver Curwood's gripping story, "The Alaskan" is worth seeing, not only once but several times. And we honestly believe that many of the folks who were present last night at the Princess theatre, where this photograph was shown for the first time, are going to see it again and again. "The Alaskan" is the first story of the great Northwest that Meighan has ever appeared in. His personality suits the title role which he portrays, and although mindful of his past performances, yet we have no hesitation in saying that he has done his best work in this picture.

Here is a story of a man who fights not only for a great love, but for a great cause—the preservation to Alaska for the native Alaskans. To most people Alaska is synonymous with gold and in this picture Director Brenon has reproduced scenes from the historic gold-rush of the late nineties when the eyes of the whole world turned towards the far north.

Mountain peaks, forests, rivers and glaciers form the gigantic set which appear in "The Alaskan."

NEGROES CONFESS TO MURDER OF GRAIN MAN

Edward Stewart, 34, and M. E. Cole, 25, Admit Slaying of Ralph Cunningham in Indianapolis

ROBBERY THEIR MOTIVE

Indianapolis, Ind., Feb. 28—Detectives today checked over every detail of the reported confession of two negroes to the murder of Ralph Cunningham, grain dealer from Advance, Ind., preparatory to seeking their indictment for murder.

Announcement that Edward Stewart, 34, and M. E. Cole, 25, both colored, had confessed to the crime was made by police last night after hours of constant grilling.

Stewart, according to detectives, admitted that he hid behind a stove in an office adjoining Cunningham's office and slugged Cunningham on the head with an iron bar as the man started to leave for the night.

Stewart said he grabbed Cunningham's brief case containing \$150 and fled, joining Cole, who was waiting in an auto nearby.

Cunningham was attacked on the evening of February 11 and was found unconscious in a pool of blood at the scene of the attack the following morning.

Cunningham died without regaining consciousness. Finding of his missing brief case in the waters of the canal led detectives to adopt a theory of robbery in the murder.

Charged With Attempt to Detour Ocean to Ocean Highway From National Road to Attica, Ind.

Indianapolis, Ind., Feb. 28—Reports that the state highway commission is attempting to detour the route of the Ocean to Ocean highway from the National road to Attica, Ind., for the benefit of Charles W. Zeigler commission member were branded today as an "utter falsehood" by Earl Crawford, a highway commissioner.

Crawford said the commission had nothing whatever to do with routing the highway.

"There is no direct east and west road through Attica and from what I have learned, the proposed route would be eleven miles south of the town," Crawford said.

"I am informed that Anderson, Muncie, Westfield, and Danville, Ill., are the cities interested in this routing."

The proposed routing would take the highway from the National road leading through Indianapolis and reports were circulated that the change was urged to take the road through Attica, the home town of Zeigler.

Congressional Pay

The bill passed by congress which increases the salaries of representatives and senators has been rather generally condemned, but these quick to criticize do not take both sides of a question into consideration.

Snap judgment on the congressional pay increase has caused the criticism that it will result in more vicious legislation, on the theory that congressmen will go to greater lengths to win and thus "sell" themselves to special interests in return for support at the polls.

Another group believes that inferior men will be attracted by the salary and that the average ability of congressmen will be lowered to a marked degree.

Still another criticism is that there are few \$10,000 a year men in congress and that men elected to public office should not be paid any more than they could earn in private life.

In fairness to members of congress, it should not be forgotten that the vast majority of congressmen are men of small means and no savings. There has been such a close margin between salary and living expenses that numerous men have had to retire and others have been compelled to struggle to make both ends meet.

The minimum expense of a single room and board in a hotel for a congressman and his wife is \$225 a month. If they have children, the cost is proportionately higher. And room and board is only one item of expense. The truth of the matter is, no doubt, that many members of congress are financially embarrassed.

And with few exceptions, every

constituent of a congressman who goes to Washington imposes upon him. They believe that they should be entertained, because they were his supporters, which means a heavy drain on the congressman's finances.

Surely no one wants to make it impossible for a poor man to serve in congress. The enormous cost of the primary system adds to the financial burden of office, which a man without means can not stand unless he can save enough from his salary to pay election expenses.

Outstanding Needs

Every community needs a few outstanding qualities among its people if it is to prosper, and Rushville is no exception to a rather hard and fixed recipe for community development.

We need above all things, stability—the will power to determine that which is right and for the best interests of the community as a whole, and a determination to see that only right prevails.

We need a unanimity of purpose—the ability and desire to agree upon what is wanted and then go after it and get it.

We need aggressiveness—for without it the finest ambitions come to naught and stagnation and indolence leads to dry rot.

We need loyalty—for without it we will enrich commercial interests at distant points and impoverish our people at home.

Some places grow and thrive because of their natural advantages and others improve their conditions only through the energy and perseverance of their citizenship.

Our future as a community depends on whether we as a people are willing to forget selfishness and greed and put ourselves into the movement for a bigger and better Rushville and Rush county.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — Six weeks ago a long-legged, muscular young man locked up his desk in the office of the United States General Land Office at Anchorage, Alaska, and started for Washington to make his annual report on Alaskan affairs to his chief in the Interior Department.

He left Alaska simply as a government "field agent," traveling on routine business.

Next week this same young man will catch a boat northward bound out of Seattle.

Instead of bending his course direct to his station at Anchorage, however, he will head for Juneau, capital of Alaska and seat of the territorial government.

There he will pay his respects to Governor Scott C. Bone and be shown the ropes in the governor's office and the "executive mansion."

For in his portfolio the returning field clerk will carry a commission signed by President Coolidge, designating him as governor of Alaska.

After giving his future job the "once over" he will return to Anchorage and his work as field agent until June, when Governor Bone's four-year term expires.

After that he will be "Governor Parks."

GEORGE ALEXANDER PARKS, same being the full name of this vigorous, athletic chap who sought—and found—his fortune in the far north, scarcely realizes yet just what has happened to him.

Territorial governors, usually are politicians. They are chosen

because of party service. Bone, for instance, was in charge of Republican publicity in the Harding campaign and had previously done party service as editor of a Republican "organ."

Parks doesn't know politics. He never was a member of any local or state committee.

He never helped in organization or booster work in any campaign. He never was a delegate to a party convention or a candidate for any office.

How, then, does he qualify for one of the choicest plums on the presidential patronage tree?

Simply because while he may not know politics he does know Alaska. As mining engineer and government field agent he has been over the whole territory.

He knows its people and their problems. His 17 years in Alaska has made that country "home" to him, and where a man's home is there his heart is.

PERSONALLY, Parks supplies a most interesting contrast to the usual executive appointee. Here is no neatly groomed, nicely manicured, soft-muscled supplicant of the pie counter.

His ruddy face, roughened by the bite of Alaskan winds, is lean and strong. His six feet of frame carries no ounce of surplus fat.

The miles he has mushed in mukluks and furs have given him a powerful swinging stride that seems out of place on Washington pavements.

Parks is still a bachelor, at 42, Alaska has been his only love.

Born in Denver and educated at the Denver School of Mines, mining work first took him to Alaska in 1908. The "states" have been too tame for him ever since.

ECHOES FROM THE GENERAL ASSEMBLY

Indianapolis, Ind., Feb. 28—Although called to testify before the Marion county grand jury Thursday afternoon in its investigation of the flight of the Democratic senators, Senator Hodges, former mayor of Gary, was unable to attend.

"I ate some of those Democratic apples that 'God's chosen minority' sent the senate," he explained. "I'm a sick man."

Harry G. Leslie, speaker of the house of representatives, was the proud possessor today of a half ounce loving cup.

The cup was presented by members of the Democratic minority in the house as a token of appreciation of Leslie's "impartiality as presiding officer."

Representative Kenney, of New Albany, was master of ceremonies in presenting the loving cup.

Kenney explained the Democrats would have given Leslie a larger loving cup but that they did not think it necessary since the Wright "bone dry" prohibition bill has passed the legislature.

The Ohio state senate official recognition of the runaway Democratic senators from Indiana in four resolutions offered before the body adjourned late Thursday.

One, by Senator Chapelle, a Republican, asked that \$20,000 be appropriated to the national guard to run the Democrats back into Indiana.

Senator Garver, one of the two Democrats among the thirty-five Ohio senators, asked that the fugitives be made members of the Ohio senate to counteract the Republican majority.

Senator Bender, Republican, presented a resolution to scold the Hoosiers for "packing up their playthings" and running away.

Senator Adair, Democrat, suggested that Indiana have Dayton made the capital of Ohio.

The resolutions were referred to the committee on prisons and prison reform and the senate adjourned.

The Holmes bill for sterilization of social defectives, backed by the Indiana state board of health, has been dealt its death blow as far as the present session of the legislature is concerned.

The house voted for indefinite postponement of the measure after it had been reported out of the committee on agriculture without recommendation.

Originally the bill called for the sterilization of all persons who were found to be socially inadequate, but as amended before passage by the senate, the measure would apply only to persons in certain state and correctional institutions.

Arguments that the bill was radical and contained provisions which could easily be abused led to its defeat in the house.

MRS. CLELL WOLFKIL DIES

Word has been received by relatives of the death of Mrs. Clell Wolfkil, which took place February 17, at the late residence in Salina, Kan., following an operation, a few

days before. The exact cause of the death was not stated in the word received here. She was formerly Miss Frankie Cline of this county, and was a sister of Thomas Cline, living south of the city. She also had cousins living in this county.

Are the children in your way because of lack of room to play?

Why not fix up that spare room or attic and give them a chance to play right.

They must be in the house during the wet, gloomy weather, so why not give them as much freedom as possible.

You will be surprised how cheaply it can be done.

And you will be surprised at the way the children will stay and play there.

LIONS RUN WILD, SCORING 68 POINTS

"Give Me Liberty Or Give Me Death," The Battle Cry, and They Took Liberty

NEWBOLD RINGS UP TEN

Visiting Basketball Team Held to Three Field Goals and Four Foul Goals

The Rushville high school basketball team outplayed Liberty here Friday night and ran true to predictions, piling up a high score of 68 points, and holding the visitors to a ten spot.

Liberty never gave up the fight, and fought hard for their points. Rushville played fast ball at all times and the game served as a tonic for them for the sectional tourney next Friday and Saturday.

Coach Swain used many substitutions throughout the game, and at no time was the outcome in danger. In the first seven minutes of play the score had mounted 24 to 3, and the half ended 39 to 6.

Newbold led in scoring with ten baskets, and Lakin followed with 7. Arbuckle caged 6, Davidson 3 and Wainwright 3. McNamara and Miller each counted one, and the entire squad that was sent in, played a good brand of ball and played exceptionally fast, taking the ball up and down with speed.

For Liberty, Pentecost, floor guard, made 6 of the 10 points with three baskets and the remaining four points were scored on fouls. Liberty had good floor work when they were in possession of the ball, but the locals managed to keep possession of it most of the time.

Newbold and Arbuckle came down in good shape at forward positions, and Lakin dropped them in from near the foul line. McNamara and Miller formed the battery on defense and were in the game fighting. Even the changes in the line-up didn't keep the locals from scoring, although many shots were missed that should have counted, and if the locals had had their usual luck, the score would have been much greater.

Newbold scored first on a field goal and Liberty made a point on a foul, but it didn't take long for the Lions to stretch the margin, and the score soon became one sided and reached 29 to 3 before Liberty scored a point more, which was on a foul that gave them 4, and then a pair of free throws gave them 6 points, but the half ended with the locals far in the lead, 39 to 6.

At the start of the second half Rushville couldn't connect with the basket for several minutes, but after they got to going the score was 46 to 6 before Liberty scored and this margin of 40 points was stretched to 58 points before the game ended.

With only two minutes left and substitutions were holding the floor against Liberty, the score stood 63 to 10, and the regulars were sent back in for the two minutes, scoring a foul and two field goals that ended the game 68 to 10.

The line-up and summary:

Rushville 68		Liberty 10
Newbold	F	Bond
Arbuckle	F	Talbott
Lakin	C	Maxwell
McNamara	G	Pentecost
Miller	G	Ammerman

Substitutions, Rushville, Caldwell, Wainwright, Davison, Elliott, Readle, Liberty, T. Bond, Finch. Field goals, Newbold 10, Arbuckle 6, Wainwright 2, Lakin 7, Davison 3, McNamara, Miller Pentecost 3, Foul goals, Arbuckle 3, Wainwright, Lakin 2, McNamara, Miller, Talbott, Maxwell 3, Referee Vandiver, umpire, Litherland.

Juniors Lost By 2 Points

In the curtain raiser to the Rushville-Liberty game, more excitement prevailed, as the Liberty junior high team defeated the Rushville junior high team 21 to 19, and the game was close most of the way, with Rushville leading until the last half when Liberty came from behind, tied the score and was never stopped. Breechisen and Shepler for Rush-

That Liberty bunch deserves a great deal of credit, because they are not a gang to quit after being snowed under. They never gave up fighting, and were good losers.

They shouldn't feel so bad, because their Junior high team took home the bacon from the local Juniors, and it was the first time this season that the local team has been defeated.

Moscow Independents lost out in the tourney at Indianapolis Friday afternoon, when they faced the strong Morgantown team, and were defeated 43 to 20.

TOO MUCH ALEXANDER IS ATTRIBUTED AS THE DOWNFALL FOR ARLINGTON LAST NIGHT. MOSCOW WON 49 TO 39, AND ALEXANDER CAGED 16 FIELD GOALS. HE IS POISON TO ANY TEAM HE GOES UP AGAINST.

The Rushville Lions played a fast game all of the time against Liberty and the game was a good contest for limbering up. Nice going, and if they keep that pace, the county teams will find out how hard they are to tackle.

Richmond was humbled at Bedford last night by score of 41 to 18

THERE WAS SURE ENUF!

LONGFELLOW'S BIRTHDAY TOMORROW, AND THERE'LL BE A "CHILDREN'S HOUR" FOR THE ALICES UP AT MARTINSVILLE—Vincennes Sun.

How About This Huskin' Party?

EVERYBODY BE AROUND TOMORROW NIGHT TO SEE THE TROJANS SELL THE MARION STRING BEANS—Newcastle Courier.

Martinsville has two-timed Vincennes this year. They beat them on the Vincennes floor and then last night took them again 35 to 27. Sorta looks like Shootin' 'em's pick is more of a scoop shovel.

Newcastle couldn't stand the pace against the Marion string beans, and gave them a terrible fight, losing 21 to 17.

Connersville couldn't get off the side track but came close to it. Shortridge won out 40 to 32 in a fast game.

Shelbyville showed its stuff last night and trimmed Tech of Indianapolis 32 to 26. Sorta looks funny to see Shelbyville mentioned on the winning side, but they are now

ville were high point players, each getting 4 goals, and for Liberty Miller, a forward, found the basket in the last half 5 times and this spelled defeat for the locals.

The first half ended 11 to 6 for Rushville but the last half rally by Liberty was too much for the youngsters of the local junior high.

The junior high team plays the Carthage juniors here tonight, and the Washington school here plays the colored school team from Franklin.

started, and will no doubt ramble through to the regionals.

Columbus looked good against Frankfort last night. The Hot Dogs bent 'em 33 to 26, but what is 7 points in a basketball game.

WHO WILL BE IT?

With the regular basketball season over for all schools, it is only the beginning of the end for all 700 schools, except one. That one will survive the test and be crowned state champs

Machinery all Oiled—Ready to Go

This thing has been worked out in good shape. Just think of the state having more than 700 high school teams as members of the association. These teams have been assigned places in the 64 sectionals of the state. These sectionals will be played Friday and Saturday of next week, and the 700 teams will be reduced by the elimination process to the 64 winners. Then these 64 winners go to the eight regional centers on the following week, with 8 teams to each of the 8 regionals. At the regionals there will be two teams surviving and eligible to the state tourney. That makes the 16 teams in the final race at Indianapolis, from which one will survive. It is a great piece of machinery—this Indiana basketball.

WHAT DID YOU THINK OF THE DRAWING FOR THE RUSHVILLE SECTIONAL AS IT APPEARS ELSEWHERE IN THIS PAPER? DOPE OUT YOUR WINNERS AND SEND 'EM IN.

Louis Means, former coach at Moscow, but now at New Palestine, tells us that his team is in a hard place. Smallpox has put a stop to all things, and those players that are left, have sore arms for the sectional tourney to be played at Greenfield. Sure tuff luck.

COME ALONG, RUSHVILLE!

Jasper, Ind.—Jasper's new \$50,000 high school gymnasium will be dedicated Friday night (News item)

Congratulations—St. Mary's!

Ground has been broken here for a new school building and community center for the St. Mary's Catholic church. The gym will provide a good sized floor, good seating arrangements and a fine school building costing more than \$50,000. It is something that the children attending St. Mary's have needed, and it will be a fine place to develop future material for the Rushville high school team, as this school has already turned in some fine players.

IF THE CATHOLIC SCHOOL CAN AFFORD TO SPEND MORE THAN \$50,000 ON A COMMUNITY BUILDING FOR THEIR CHURCH PEOPLE, THEN WHY CAN'T THE CITY OF RUSHVILLE PROVIDE ONE FOR ALL OTHER PURPOSES?

Side Lights copied from Hittin' 'em the reference about those sweet pants, and said we were jealous of 'm. Oh boy, if we ever get that foolish over here, let us know. Instead of buying pants, we're going to buy something to cover our backs with, and let the legs take care of themselves.

Franklin high has announced their schedule for next year. Rushville plays there Saturday night, February 20, according to the arrangements.

In lamenting the fact that it will be five weeks between games for Washington, since the Vincennes game and the sectional tourney, Speaking of Sports in that city says:

Next year, however, we shall

WINNERS HAVE MARGIN OF 10

Too much Alexander proved the downfall for the Arlington high school team Friday night at Arlington, when Moscow came out ahead by a ten point margin in a fast and exciting game, with the final count being 49 to 39.

Alexander, the elongated center for Moscow, couldn't be stopped and counted 16 baskets. Kennedy and Price were the point getters for Arlington, with 7 and 5 respectively. The first half ended Moscow 25 and Arlington 18.

In the curtain raiser the Arlington second team won from the Glenwood first team, 30 to 17.

BUT WE HOPE NOT

Newcastle is saving their sympathy for Rushville for the sectional tourney. We may need it, Markin' 'em up, and we might have a chance to swap sympathy with you, if Knightstown, Mooreland or some other team upsets you.

And We'd be Rich if We Had a Lot of Money

THEY'RE LIABLE TO RUN OUT OF CONTRACTORS

Rushville and Greensburg are both seeking new gyms. Washington has worked out plans for a new playing floor to be constructed during the summer and spring and Vincennes is expecting to have one. It looks like a high summer for some of the contractors.

HIGH SCHOOL REFLECTOR

THE RALEIGH SCHOOL

Mr. Seales gave us a good description of the home of Washington, which he had visited last summer, as opening exercises Monday morning.

The boys last game of basketball was played Friday night with New Salem.

Floyd Ketchum, Arthur Clifton and Merle Craig visited school this week.

The Senior English class has completed their work in the study of classics.

The Junior English class has taken up the study of Current Poetry in the Library Digest.

The Senior class cleared over \$60 Friday and Saturday by serving lunch at the Independent basketball tourney held in our gym.

The senior class has decided to give the play, "Farm Folks."

The Third Grade has been playing a game in multiplication combinations, which has been very interesting. Upon the blackboards interesting. Upon the blackboards has been drawn the picture of a cherry tree which has the motto of combinations written upon its branches. The children who can pick all the cherries or combinations may see their name written under the tree. The following children have picked all the cherries: Fern Wagoner, Catherine Martin, Donald Harris, Beatrice Lord, Franklin Merritt, Hazey Mary Shepherd, and Albert Hill.

Wilma Bridgeman and Nina French, freshmen, will enter the Latin contest, which will be held at Rushville.

GRINGS SCHOOL

ORATORICAL

The local school elimination for the oratorical contest will be held March 29. All the members of the Sophomore and Junior History class are preparing essays on the "Constitution" but only four are intending to enter the contest. They are Clara Cortner and Clyde Gordon, juniors; Adrian Eckart and Robert Myer, sophomores.

The Gling Junior basketball team are intending to enter the Jackson township tourney Saturday.

Miss Piersol visited school last Wednesday and gave us a few suggestions which might help us to recognize the records for the Music Memory contest.

The following were selected as class chairmen for preparing programs for opening exercises: seventh, Frances Brooks; eighth, Lowell Travis; freshman Jesse Eckart; Sophomore, Robert Meyer, junior, Alice Eakins.

The Sophomore and Junior English classes are studying a book of which increases the salaries of completed "The Rime of the Ancient Mariner." They were given a test covering this poem last Friday.

The Freshmen English class has just completed the study of "Julius Caesar" as a classic and had a test on it Thursday.

The Geometry class has completed book three and are taking some numerical exercises at the end of this book.

THE OLD HOME TOWN By Stanley

GROUND BROKEN FOR PAROCHIAL SCHOOL

Continued from Page One
The Fifth street entrance, there will be club rooms for the various church organizations on the right and left of the entrance. To the extreme right will be installed two bowling alleys, and other features for the organizations will serve as a community center for the church.

In one wing will be a kitchen for preparing meals at functions which can be held in the large gymnasium. The gym occupies the north half of the main floor, with a floor space of 45 by 66 feet. The stage is on the west end, and is to be about 26 feet square. The distance from the floor to the truss supports will be 25 feet.

When an entertainment is given on the stage, seats can be placed on the gymnasium floor, and there will be room for several hundred people in the balcony that extends on both sides and on the east end. A motion picture booth also will be installed in the balcony at the east end.

The gymnasium can be used also as a banquet hall, with a kitchen adjoining. In this manner the entire lower floor of the building will be for the community interests associated with the church.

As stated before, the second floor the building will be for the class rooms, and ample room is provided for this purpose on the south half of the building, with a wide corridor running east and west and the north half is used for the balcony that is over the gymnasium floor.

On the main floor also are toilet rooms with showers, and also dressing rooms for boys and girls to use when changing into their gymnasium suits.

The building will be flat roof construction, with two offsets in the front on Fifth streets, making it

stand out distinctively in designs.

The building will be heated from the central heating plant in the St. Mary's church. This heating plant now serves the church, parsonage and also the home for the Sisters at the rear of the church property.

The frame building that has housed the school and also the frame building that has acted in a measure as the church hall, will be torn down when the new combined building is finished, and the lawn will be terraced and graded to conform to the natural slope of the land.

The plan for the new building was started several years ago, when a campaign was launched for funds, and by untiring efforts from all organizations of the church, and from donations, an amount has been raised to fulfill their plans. When it is completed, it will stand out foremost among buildings of its kind in this section of the state.

After the contract has been awarded, plans will then go forward for the corner stone laying, and a program will be outlined and announced for the ceremonies.

STATED CONVOCATION

A stated convocation of Rushville chapter No. 24 will be held at the Masonic temple Monday night, followed by work in the council degrees.

There will be inspection in the council and chapter Tuesday night by the grand lecturer, Herbert A. Graham of Frankfort.

COUNTY BOOSTERS ORGANIZE FOR YEAR

Officers Are Elected, Committees
Named and Arrangements Made
For Annual Banquet March 17

REPORTS TO BE MADE THERE

Boosters Will Endeavor During Sec-
ond year of Organization to
Boost County More

The Rush County Boosters organized for the year at a meeting Friday night, new officers were elected and plans were made for the second annual banquet of the organization to be held two weeks from next Tuesday evening, March 17.

Tentative plans for the year's activities were discussed, including the carrying through of the county boys' corn club project, in which 125 boys of the county have been enlisted.

Hugh E. Mauzy was elected president of the Boosters, succeeding Omer E. Trusler, and Jack Knecht was named treasurer to succeed Ed Pittman. Donald D. Ball was chosen as secretary.

The directors elected for the year are as follows: Paul Allen, Warder Wyatt, Fon Riggs, Glen Foster, Earl Osborne, Will B. Norris and Omer E. Trusler.

The Boosters will endeavor during the year, it was brought out in the discussion of plans at the meeting, to interest everyone in the community in the boosting of the best interests of all Rush County.

At the annual banquet, members of the organization will be given a report on the activities of the Boosters since the formal organization at a banquet one year ago this spring. Those who supported the movement will learn at that time just how their money was spent and to what advantage, and the accomplishments of the Boosters will be set out in detail.

The following committees were selected by the new president to make arrangements for the banquet March 17:

Banquet—B. O. Simpson, H. S. Javens and Merrill Ball; program—John A. Tisworth, Dr. J. B. Kinsinger and Warder Wyatt; finance—Paul Allen, Fon Riggs and Jack Knecht.

A special committee to negotiate for the location of a canning factory was appointed, composed of George Griesser, R. L. Tompkins and John A. Tisworth. Several canning factory promoters have been here in recent months and are very anxious to start a factory in Rushville.

NEW OWNERS TO TAKE CHARGE OF PRINCESS

G. J. Smith and Fred Casady will
Assume Ownership at Close of
Business Tonight

ANNOUNCE PLANS, POLICIES

G. J. Smith and Fred Casady, owners of the Castle and Mystic theatres, will formally come into possession of the Princess theatre in the Masonic building tonight when the theatre closes for the day's business, and from that time on all moving picture theatres in Rushville will be under the direction and management of Casady and Smith.

The new owners of the Princess announced today that it would be their policy to maintain the standard set up by Walter F. Easley, the retiring owner, and their constant endeavor to raise the general standard of moving pictures in Rushville.

They pointed out today that advantages would accrue to motion picture show patrons of Rush county by having the booking for all Rushville theatres under one head. Some contracts will have to be worked out before a marked change in policy can be undertaken.

Casady and Smith announced that there would be only one matinee for each picture at each theatre. For example, when there is a matinee at the Castle, there will be none at the Princess, except Saturday, when both houses will run matinees, but there will be none at either theatre on Friday afternoon.

CONNERSVILLE MAN TO SPEAK

C. C. Hull to Address Judge Sparks' Bible Class Wednesday Night

Indiana State Library Connorsville, a noted Methodist layman, will speak to the members of Judge Will M. Sparks' Bible class of St. Paul's church at a banquet in the basement of the church next Wednesday evening.

Members of the class have invited guests and indications are that the basement will be well filled for the dinner, which will be served by the Friendship class of the church.

A musical program will be provided by the Sunday school orchestra and there will also be a program of readings. The dinner will be served promptly at 6:30 o'clock.

LATIN CONTEST FOR COUNTY HELD TODAY

Six High Schools and Soldiers' and Sailors' Orphans' Home Are Represented

FOUR DIVISIONS IN CONTEST

Two Winners in Each Event Will be
Entitled to Represent County in District

The county Latin contest was being held here today at the Graham high school, and representatives from the schools were taking part in an effort to win honors which will enable them to enter the district tourney.

Miss Jean Sparks, of the Webb high school, was in charge of the county contest today. The district contest, in which the two highest winners in each division from all over the Sixth District will meet, will be in charge of Miss Helen Jaehne of this city.

The district contest will be held in this city in two weeks. There are four divisions in the contest, being for Freshmen, Cueser, Cicero and Virgil classes. Each school held its elimination contest and was entitled to send two pupils to the county for each division. Some of the schools were entered only in certain classes.

The schools represented here today in the contest were: six from Gings, two from Webb, two from Raleigh, four from New Salem, two from Carthage, eight from Rushville, six from Milroy and two from the state Soldiers' and Sailors' Orphan's home in Center township.

The papers will be graded and the two highest point winners in each division will be eligible for the district contest with the winners from other schools in the eight counties of this district.

The same elimination process will prevail in the district contest, with the two highest grades in each division, being entitled to enter the state contest to be held later at Bloomington.

The Rush county students today were to be entertained at a luncheon at the school building, given by the Latin club of the Rushville high school. A program also was arranged from the visitors this afternoon.

Indianapolis, Ind., Feb. 28—Schedules for the sixty-four sectional state high school basketball tournaments, which will be in progress throughout next week-end, were drawn here today by A. L. Trestler, permanent secretary of the Indiana High School Athletic association.

The winners of the sixty-four sectional meets on March 6 and 7 and will compete in eight regional on March 14. The regionals will be held at Evansville, Port Wayne, Gary, Martinsville, Anderson, Richmond, Kokomo and Frankfort.

Sixteen teams' two from each region will meet in the state finals in Indianapolis, March 20 and 21, for the last stages of the state net title.

Rushville high school drew a bye in the first round of play and will not get into the contest until the second round, opening next Saturday morning, when they will meet either Arlington or the Orphans' Home team.

In order to go to the finals, Rushville will have to play three games Saturday.

A bye in the first round was the result of an uneven number of

MINISTER FROM CHINA TO SPEAK HERE SUNDAY

The Rev. W. T. Locke Will Discuss
Missions at First Presbyterian
Church Sunday Night

PROGRESS ALONG THIS LINE

The Presbyterian church throughout the country is putting on a campaign of information and inspiration for this purpose the Rev. W. T. Locke of Hunan, China, will speak in the First Presbyterian church, Sunday night, coming here from Shelbyville.

It may surprise those who are not informed to know that in the past twenty-five years the gifts of Protestant Christians to Foreign Missions have more than trebled, amounting in 1923 to almost \$70,000,000. Of this amount the churches of the United States contribute 65 percent and the churches of Canada give 5 percent. Equal progress has been made in the number of converts, Sunday schools, teachers and pupils.

The speaker should be greeted by a large audience and the people should be informed about this world wide business in which they are engaged, through national missions, foreign missions, Christian education and the care of the workers.

At the morning service the pastor will speak on "The Awakening Church," as revealed both in its strength and the beautiful garments of service which it is putting on. This is a part of the campaign leading up to Easter.

ECONOMY PROGRAM FACES A CRISIS

Chief Executive Begins Consideration of Congressional Authorization of Salary Raises

TWO BILLS AWAIT COOLIDGE

To Base His Decision on Two Measures on Effect Increase Will Have on Financial Policy

By DALE VAN EVERY
(U. P. Staff Correspondent)

Washington, Feb. 28—President Coolidge's economy program faced the most serious crisis of this term of congress today as the chief executive began consideration of congressional authorization of salary raises totaling more than \$70,000,000 annually.

Two bills now awaiting Mr. Coolidge's approval or veto would raise the salaries of members of the cabinet, members of congress, their secretaries, the vice president, the speaker and several hundred thousand postal employees. To meet the greater part of the postal increases would be provided however, by a \$59,000,000 increase in postal rates.

His mind is open on both proposals. In the last analysis he will base his decision on the effect the increase will have on his financial policy. If he decides either bill will hamper his tax reduction plans seriously, he will veto it.

The new postal bill, passed finally late Thursday, would increase postal salaries effective January 1, a total of \$68,000,000 annually and postal rates, effective April 15, a total of \$59,000,000 annually. The rate increase would fall principally upon the parcel post.

INDICTED FOR MURDER

Indianapolis, Ind., Feb. 28—Edward Prater, youthful bandit who shot Forrest Van Devere, a street car conductor in an attempt to rob him of the small sum of money in the conductor's change belt, was indicted Friday for murder. Lawrence Carlele, companion, was indicted for robbery.

PENNSYLVANIA WILL BE NEXT

Rum Scandal May be Uncovered
Following Expose at Cleveland

Cleveland, Ohio, Feb. 28—The next great rum scandal cleanup may be started in Pennsylvania, it was learned from an authoritative source today, following the indictment of Joshua Russell, federal prohibition director of Ohio and former congressman, and nine other Ohio business men and "politicians."

The indictments charged conspiracy to violate the prohibition laws on two counts.

During the investigation by the federal force under Mrs. Mabel Wilbrandt, chief liquor law violator prosecutor in the United States, testimony bobbed up involving violations in Pennsylvania. This testimony has been kept secret the officials deciding to "clean up" Ohio first and investigate conditions in each state one at a time.

SENATE MAKES UP FOR LOST TIME

Tries Furiously to Dig Itself Out of
Heap of Bills Accumulating During
Democratic Junket

APPROPRIATION BILL DELAY

Will Have to go Back to House for
Passage Again Due to an Amend-
ment Being Left Off

By RAYMOND A. BRUNER
(U. P. Staff Correspondent)

Indianapolis, Ind., Feb. 28—The Indiana senate made up for lost time today and held the first Saturday session of the Indiana general assembly.

It tried furiously to dig itself out of a heap of bills which accumulated during the junket of the Democratic minority to Ohio.

A fight was expected to start off the program today with the passage of the Carney house bill to prohibit the use of oleomargarine in state institutions as a special order of business.

The bill failed to obtain a constitutional majority when it came up for passage yesterday and another attempt will be made to send it to the governor today.

Action on the \$48,727,000 general appropriation bill which was to have been the special order of business in the senate sitting as a committee of the whole Monday was suddenly postponed when it was learned that the amendment was inadvertently left out when it passed the house. A vote will have to be taken on the measure in the house before it gets to the senate.

Public service commission forces were successful in the senate late yesterday when a minority committee report for passage of the Cravens bill to abolish the commission was killed and a majority report for passage was adopted.

The bill would have created a public utilities commission of three members. Under the bill, legal experts of the commission would operate from the attorney-general.

Following a debate the senate passed to second reading the administration measure to abolish the board of trustees of the Indiana farm colony for feeble minded and placing the administration of the farm under the Indiana school for feeble minded youth.

The senate adopted a majority committee report for the passage of the measure.

The Barker senate bill providing for reappraisal of real estate in 1925 and every four years thereafter became a law late yesterday when it was signed by Governor Jackson.

The law will not take effect now, however, until 1929 for the reason that the state tax board has ordered a reappraisal for this year under the present law and work on the new real estate valuations will start Monday.

Purchase of the Indiana Dental college at Indianapolis for \$40,000 to be used by Indiana University was approved by the house yesterday when it passed the bill introduced by Representative Harris of Gary.

GROUND BROKEN FOR PAROCHIAL SCHOOL

New Building to be Erected by St. Mary's Congregations Will Also
Serve as Community Center

WILL HOUSE A GYMNASIUM

Bowling Alleys and Club Rooms on
First Floor With Gym and School
Rooms on Second Floor

Ground was broken this week for the construction of the new St. Mary's parochial school and community building, to be located at the rear of the St. Mary's Catholic church, with the main entrance facing Fifth street. The building will be pushed to completion during the coming summer.

The plans and specifications of the architect, Karl P. Henkel of Connorsville, have been accepted, and bids are under consideration for the general construction, and the contract will be awarded shortly for the actual construction.

The general construction will cost \$50,000, and the total cost of the new building will exceed that amount, according to the Rev. Francis Schaub, who has been greatly interested in the project for a number of years, and is now seeing the plan materialize.

The new building will occupy ground space, 99 by 110 feet, and will be constructed of a beautiful, rough finished brick, and the plan to be followed out is in keeping with modern day architectural designs.

The front of 110 feet will face Fifth street, with the entrance to the community portion of the building at this place, leading directly into the first floor, which will be partially excavated in the sloping hillside.

The entrance to the second floor will be on the west end of the building, and this part leads up a flight of stairs into the class rooms for the school purposes. According to the present plans, there will be four commodious class rooms, all facing on the south, and extending over the front half of the building. The north half of the second floor, leads off into the balcony of the auditorium.

The present frame school building has been moved back in order to permit further excavation for the new school, and this part of the work is now under way, so that when the general contract is awarded the work can be started at once.

MINE INSPECTOR TO MAKE REPORT TUESDAY

Albert Dally to Report His Findings
as to Cause of Mine Explosion
at Sullivan, Ind.

AT CORONER'S INQUEST

Indianapolis, Ind., Feb. 28—Albert Dally, state mine inspector expects to make his report on the investigation of the Sullivan mine explosion at Sullivan next Tuesday, he announced today.

Dally will go to Sullivan to attend the coroner's inquest which will open at nine o'clock Tuesday morning in the city hall and hopes to have his findings as to the cause of the explosion ready at that time.

Dally said he and his assistants were unable to make a complete inspection of the workings of the mine yesterday because fresh caveins made it extremely dangerous to enter some of the passage-ways.

He said however that the survey was thorough enough to furnish him the information necessary for his report.

Sullivan, Ind., Feb. 28—The city of Sullivan was returning to normal today just one week after the fatal mine explosion in the City mine which snubbed out lives of fifty-one miners.

Citizens were making an effort to pass off the shadow of the tragedy and the week of mourning and the funerals that followed. Contributions for the relief fund for bereaved families were estimated at \$40,000, of which one-half is already in the bank here today.

Movies

Thomas Meighan Picture
 Thomas Meighan in any Paramount picture is worth seeing. But Thomas Meighan in a Herbert Brenon picture is a James Oliver Curwood's gripping story, "The Alaskan" is worth seeing, not only once but several times. And we honestly believe that many of the folks, who were present last night at the Princess theatre, where this photoplay was shown for the first time, are going to see it again and again.
 "The Alaskan" is the first story of the great Northwest that Meighan has ever appeared in. His personality suits the title role which he portrays, and although mindful of his past performances, yet we have no hesitation in saying that he has done his best work in this picture.
 Here is a story of a man who fights not only for a great love, but for a great cause—the preservation to Alaska for the native Alaskans. To most people Alaska is synonymous with gold and in this picture Director Brenon has reproduced scenes from the historic gold-rush of the late nineties when the eyes of the whole world turned towards the far north.
 Mountain peaks, forests, rivers and glaciers form the gigantic sets which appear in "The Alaskan."

NEGROES CONFESS TO MURDER OF GRAIN MAN

Edward Stewart, 34, and M. E. Cole, 25, Admit Slaying of Ralph Cunningham in Indianapolis

ROBBERY THEIR MOTIVE

Indianapolis, Ind., Feb. 28—Detectives today checked over every detail of the reported confession of two negroes to the murder of Ralph Cunningham, grain dealer from Advance, Ind., preparatory to seeking their indictment for murder.

Announcement that Edward Stewart, 34, and M. E. Cole, 25, both colored, had confessed to the crime was made by police last night after hours of constant grilling.

Stewart, according to detectives, admitted that he hid behind a stove in an office adjoining Cunningham's office and slugged Cunningham on the head with an iron bar as the man started to leave for the night.

Stewart said he grabbed Cunningham's brief case containing \$150 and fled, joining Cole, who was waiting in an auto nearby.

Cunningham was attacked on the evening of February 11, and was found unconscious in a pool of blood at the scene of the attack the following morning.

Cunningham died without regaining consciousness. Finding of his missing brief case in the waters of the canal led detectives to adopt a theory of robbery in the murder.

COMMISSION DID NOT ROUTE OCEAN HIGHWAY

Charged With Attempt to Detour Ocean to Ocean Highway From National Road to Attica, Ind.

Indianapolis, Ind., Feb. 28—Reports that the state highway commission is attempting to detour the route of the Ocean to Ocean highway from the National road to Attica, Ind., for the benefit of Charles W. Zeigler commission member were branded today as an "utter falsehood" by Earl Crawford, a highway commissioner.

Crawford said the commission had nothing whatever to do with routing the highway.

"There is no direct east and west road through Attica and from what I have learned, the proposed route would be eleven miles south of the town," Crawford said.

"I am informed that Anderson, Muncie, Westfield, and Danville, Ill., are the cities interested in this routing."

The proposed routing would take the highway from the National road leading through Indianapolis and reports were circulated that the change was urged to take the road through Attica, the home town of Zeigler.

Congressional Pay

The bill passed by congress
which increases the salaries of rep-
resentatives and senators has been
rather generally condemned, but
those quick to criticize do not take
both sides of a question into con-
sideration.

Snap judgment on the con-
gressional pay increase has caused
the criticism that it will result in
more vicious legislation, on the
theory that congressmen will go to
greater lengths to win and thus
"sell" themselves to special inter-
ests in return for support at the
polls.

Another group believes that in-
ferior men will be attracted by the
salary and that the average ability
of congressmen will be lowered to
a marked degree.

Still another criticism is that
there are few \$10,000 a year men in
congress and that men elected to
public office should not be paid
any more than they could earn in
private life.

In fairness to members of con-
gress, it should not be forgotten
that the vast majority of congress-
men are men of small means and no
savings. There has been such a
close margin between salary and
living expenses that numerous men
have had to retire and others have
been compelled to struggle to make
both ends meet.

The minimum expense of a sin-
gle room and board in a hotel for
a congressman and his wife is \$225
a month. If they have children, the
cost is proportionately higher. And
room and board is only one item of
expense. The truth of the matter is,
no doubt, that many members of
congress are financially embar-
rassed.

And with few exceptions, every

constituent of a congressman who
goes to Washington imposes upon
him. They believe that they should
be entertained, because they were
his supporters, which means a
heavy drain on the congressman's
finances.

Surely no one wants to make it
impossible for a poor man to serve
in congress. The enormous cost of
the primary system adds to the
financial burden of office, which a
man without means can not stand
unless he can save enough from his
salary to pay election expenses.

Outstanding Needs

Every community needs a few
outstanding qualities; among its
people if it is to prosper, and
Rushville is no exception to a ra-
ther hard and fixed recipe for
community development.

We need above all things, stabi-
lity—the will power to determine
that which is right and for the best
interests of the community as a
whole, and a determination to see
that only right prevails.

We need a unanimity of purpose
—the ability and desire to agree
upon what is wanted and then go
after it and get it.

We need aggressiveness—for
without it the finest ambitions come
to naught and stagnation and indol-
ence leads to dry rot.

We need loyalty—for without it
we will enrich commercial interests
at distant points and impoverish
our people at home.

Some places grow and thrive be-
cause of their natural advantages
and others improve their conditions
only through the energy and perse-
verance of their citizenship.

Our future as a community de-
pends on whether we as a people
are willing to forget selfishness
and greed and put ourselves into
the movement for a bigger and bet-
ter Rushville and Rush county.

Hunt's Washington Letter

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON — Six weeks
ago a long-legged, muscular
young man locked up his
desk in the office of the United
States General Land Office at An-
chorage, Alaska, and started for
Washington to make his annual
report on Alaskan affairs to his
chief in the Interior Department.
He left Alaska simply as a gov-
ernment "field agent," traveling
on routine business.

Next week this same young man
will catch a boat northward bound
out of Seattle.
Instead of heading his course di-
rect to his station at Anchorage,
however, he will head for Juneau,
capital of Alaska and seat of the
territorial government.

There he will pay his respects to
Governor Scott C. Bone and be
shown the ropes in the governor's
office and the "executive mansion."
For in his portfolio the return-
ing field clerk will carry a com-
mission signed by President Cool-
idge, designating him as gov-
ernor of Alaska.

After giving his future job the
"once over" he will return to An-
chorage and his work as field
agent until June, when Governor
Bone's four-year term expires.
After that he will be "Governor
Parks."

GEORGE ALEXANDER
PARKS, same being the full
name of this vigorous, ath-
letic chap who sought—and found
—his fortune in the far north,
scarcely realizes yet just what has
happened to him.
Territorial governors usually
are politicians. They are chosen

because of party service.

Bone, for instance, was in
charge of Republican publicity in
the Harding campaign and had
previously done party service as
editor of a Republican "organ."
Parks doesn't know politics. He
never was a member of any local
or state committee.

He never helped in organization
or booster work in any campaign.
He never was a delegate to a
party convention or a candidate
for any office.

How, then, does he qualify for
one of the choicest plums on the
presidential patronage tree?

Simply because while he may
not know politics he does know
Alaska. As mining engineer and
government field agent he has
been over the whole territory.

He knows its people and their
problems. His 17 years in Alaska
has made that country "home" to
him, and where a man's home is
there his heart is.

PERSONALLY, Parks supplies
a most interesting contrast to
the usual executive appointee.
Here is no neatly groomed,
nicely manicured, soft-muscled
supplacant of the pie counter.

His ruddy face, roughened by
the bite of Alaskan winds, is lean
and strong. His six feet of frame
carries no ounce of surplus fat.

The miles he has mushed in
mucklugs and furs have given him
a powerful swinging stride that
seems out of place on Washington
pavements.

Parks is still a bachelor, at 42,
Alaska has been his only love.

Born in Denver and educated at
the Denver School of Mines, min-
ing work first took him to Alaska
in 1908. The "states" have been
too tame for him ever since.

ECHOES FROM THE
GENERAL ASSEMBLY

Indianapolis, Ind., Feb. 28—Al-
though called to testify before the
Marion county grand jury Thurs-
day afternoon in its investigation
of the flight of the Democratic sen-
ators, Senator Hodges, former ma-
yor of Gary, was unable to attend.

"I ate some of those Democratic
apples that 'God's chosen minority'
sent the senate," he explained.
"I'm a sick man."

Harry G. Leslie, speaker of the
house of representatives, was the
proud possessor today of a half
ounce loving cup.

The cup was presented by mem-
bers of the Democratic minority in
the house as a token of apprecia-
tion of Leslie's "impartiality as
presiding officer."

Representative Kenney, of New
Albany, was master of ceremonies
in presenting the loving cup.

Kenney explained the Democrats
would have given Leslie a larger
loving cup but that they did not
think it necessary since the Wright
"bone dry" prohibition bill has
passed the legislature.

The Ohio state senate official re-
cognition of the runaway Demo-
cratic senators from Indiana in
four resolutions offered before the
body adjourned late Thursday.

One, by Senator Chapelle, a Re-
publican, asked that \$20,000 be ap-
propriated to the national guard to
run the Democrats back into Indi-
ana.

Senator Garver, one of the two
Democrats among the thirty-five
Ohio senators, asked that the fugi-
tives be made members of the Ohio
senate to counteract the Republi-
can majority.

Senator Bender, Republican, pre-
sented a resolution to send the
Hoosiers for "packing up their
playthings" and running away.

Senator Adair, Democrat, sug-
gested that Indiana have Dayton
made the capital of Ohio.

The resolutions were referred to
the committee on prisons, and pris-
on reform and the senate adjourned.

The Holmes bill for sterilization
of social defectives, backed by the
Indiana state board of health, has
been dealt its death blow as far as
the present session of the legisla-
ture is concerned.

The house voted for indefinite
postponement of the measure after
it had been reported out of the com-
mittee on agriculture without re-
commendation.

Originally the bill called for the
sterilization of all persons who
were found to be socially inade-
quate, but as amended before pas-
sage by the senate, the measure
would apply only to persons in cer-
tain state and correctional insti-
tutions.

Arguments that the bill was radi-
cal and contained provisions which
could easily be abused led to its
defeat in the house.

MRS. CLELL WOLFKIL DIES

Word has been received by rela-
tives of the death of Mrs. Clell
Wolffkil, which took place February
17, at the late residence in Salina,
Kas., following an operation, a few

days before. The exact cause of the
death was not stated in the word re-
ceived here. She was formerly Miss
Frankie Cline of this county, and
was a sister of Thomas Cline, living
south of the city. She also had
cousins living in this county.

Are the children in your way
because of lack of room to play?

Why not fix up that spare room or attic and give them
a chance to play right.

They must be in the house during the wet, gloomy
weather, so why not give them as much freedom as
possible.

You will be surprised how cheaply it can be done.

And you will be surprised at the way the children will
stay and play there.

LIONS RUN WILD, SCORING 68 POINTS

"Give Me Liberty Or Give Me Death." The Battle Cry, and They Took Liberty

NEWBOLD RINGS UP TEN

Visiting Basketball Team Held to Three Field Goals and Four Foul Goals

The Rushville high school basketball team outplayed Liberty here Friday night and ran true to predictions, piling up a high score of 68 points, and holding the visitors to a ten spot.

Liberty, never gave up the fight, and fought hard for their points. Rushville played fast ball at all times and the game served as a tonic for them for the sectional tourney next Friday and Saturday.

Coach Swain used many substitutions throughout the game, and at no time was the outcome in danger. In the first seven minutes of play the score had mounted 24 to 3, and the half ended 39 to 6.

Newbold led in scoring with ten baskets, and Lakin followed with 7. Arbuckle caged 6, Davidson 3 and Wainwright 3. McNamara and Miller each counted one, and the entire squad that was sent in, played a good brand of ball and played exceptionally fast, taking the ball up and down with speed.

For Liberty, Pentecost, floor guard, made 6 of the 10 points with three baskets and the remaining four points were scored on fouls. Liberty had good floor work when they were in possession of the ball, but the locals managed to keep possession of it most of the time.

Newbold and Arbuckle came down in good shape at forward positions, and Lakin dropped them in from near the foul line. McNamara and Miller formed the battery on defense and were in the game fighting. Even the changes in the line-up didn't keep the locals from scoring, although many shots were missed that should have counted, and if the locals had had their usual luck, the score would have been much greater.

Newbold score first on a field goal and Liberty made a point on a foul, but it didn't take long for the Lions to stretch the margin, and the score soon became one sided and reached 29 to 3 before Liberty scored a point more, which was on a foul that gave them 4, and then a pair of free throws gave them 6 points, but the half ended with the locals far in the lead, 39 to 6.

At the start of the second half Rushville couldn't connect with the basket for several minutes, but after they got to going the score was 46 to 6 before Liberty scored and this margin of 40 points was stretched to 58 points before the game ended.

With only two minutes left and substitutions were holding the floor against Liberty, the score stood 63 to 10, and the regulars were sent back in for the two minutes, scoring a foul and two field goals that ended the game 68 to 10.

The line-up and summary:

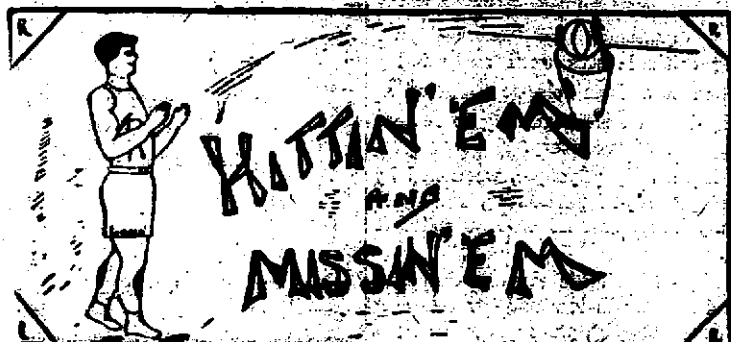

Rushville 68	Liberty 10
Newbold F	Bond
Arbuckle F	Talbott
Lakin C	Maxwell
McNamara G	Pentecost
Miller G	Ammerman

Substitutions, Rushville, Caldwell, Wainwright, Davidson, Elliott, Readle, Liberty, T. Bond, Finch. Field goals, Newbold 10, Arbuckle 6, Wainwright 2, Lakin 7, Davidson 3, McNamara, Miller Pentecost 3, Foul goals, Arbuckle 3, Wainwright, Lakin 2, McNamara, Miller, Talbott, Maxwell 3. Referee Vandiver, umpire, Litherland.

Juniors Lost By 2 Points

In the curtain raiser to the Rushville-Liberty game, more excitement prevailed, as the Liberty junior high team defeated the Rushville junior high team 21 to 19, and the game was close most of the way, with Rushville leading until the last half when Liberty came from behind, tied the score and was never stopped.

Brecheisen and Shepler for Rush-

That Liberty bunch deserves a great deal of credit, because they are not a gang to quit after being snowed under. They never gave up fighting, and were good losers.

They shouldn't feel so bad, because their Junior high team took home the bacon from the local Juniors, and it was the first time this season that the local team has been defeated.

Moscow Independents lost out in the tourney at Indianapolis Friday afternoon, when they faced the strong Morgantown team, and were defeated 43 to 20.

TOD MUCH ALEXANDER IS ATTRIBUTED AS THE DOWNFALL FOR ARLINGTON LAST NIGHT. MOSCOW WON 49 TO 39, AND ALEXANDER CAGED 16 FIELD GOALS. HE IS POISON TO ANY TEAM HE GOES UP AGAINST.

The Rushville Lions played a fast game all of the time against Liberty and the game was a good contest for lumbering up. Nice going, and if they keep that pace, the county teams will find out how hard they are to tackle.

Richmond was humbled at Bedford last night by score of 41 to 18

How About This Huskin' Party?

EVERYBODY BE AROUND TOMORROW NIGHT TO SEE THE TROJANS' SHELL THE MARION STRING BEANS—Newcastle Courier.

Martinsville has two-timed Vincennes this year. They beat them on the Vincennes floor and then last night took them again 35 to 27. Sorta looks like Shootin' 'em's pick is more of a scoop shovel.

Newcastle couldn't stand the pace against the Marion string beans, and gave them a terrible fight, losing 21 to 17.

Connersville couldn't get off the side track but came close to it. Shortridge won out 40 to 32 in a fast game.

Shelbyville showed its stuff last night and trimmed Tech of Indianapolis 32 to 26. Sorta looks funny to see Shelbyville mentioned on the winning side, but they are now

ville were high point players, each getting 4 goals, and for Liberty Miller, a forward, found the basket in the last half 5 times and this spelled defeat for the locals.

The first half ended 11 to 6 for Rushville but the last half rally by Liberty was too much for the youngsters of the local junior high.

The junior high team plays the Carthage juniors here tonight, and the Washington school here plays the colored school team from Franklin.

The line-up and summary:

started, and will no doubt ramble through to the regionals.

Columbus looked good against Frankfort last night. The Hot Dogs beat 'em 33 to 26, but what is 7 points in a basketball game.

WHO WILL BE IT?

With the regular basketball season over for all schools, it is only the beginning of the end for all 700 schools, except one. That one will survive the test and be crowned state champs.

Machinery All Oiled—Ready to Go

This thing has been worked out in good shape. Just think of the state having more than 700 high school teams as members of the association. These teams have been assigned places in the 64 sectional of the state. These sectionals will be played Friday and Saturday of next week, and the 700 teams will be reduced by the elimination process to the 64 winners. Then these 64 winners go to the eight regional centers on the following week, with 8 teams to each of the 8 regionals. At the regionals there will be two teams surviving and eligible to the state tourney. That makes the 16 teams in the final race at Indianapolis, from which one will survive. It is a great piece of machinery—this Indiana basketball.

WHAT DID YOU THINK OF THE DRAWING FOR THE RUSHVILLE SECTIONAL AS IT APPEARS ELSEWHERE IN THIS PAPER? DOPE OUT YOUR WINNERS AND SEND 'EM IN.

Louis Means, former coach at Moscow, but now at New Palestine, tells us that his team is in a hard place. Smallpox has put a stop to all things, and those players that are left, have sore arms for the sectional tourney to be played at Greenfield. Sure tuff luck.

COME ALONG, RUSHVILLE!

Jasper, Ind.—Jasper's new \$50,000 high school gymnasium will be dedicated Friday night (News item)

Congratulations—St. Mary's!

Ground has been broken here for a new school building and community center for the St. Mary's Catholic church. The gym will provide a good sized floor, good seating arrangements and a fine school building costing more than \$50,000. It is something that the children attending St. Mary's have needed, and it will be a fine place to develop future material for the Rushville high school team, as this school has already turned in some fine players.

IF THE CATHOLIC SCHOOL CAN AFFORD TO SPEND MORE THAN \$50,000 ON A COMMUNITY BUILDING FOR THEIR CHURCH PEOPLE, THEN WHY CAN'T THE CITY OF RUSHVILLE PROVIDE ONE FOR ALL OTHER PURPOSES?

Side Lights copied from Hittin' 'em the reference about those sweet pants, and said we were jealous of 'm. Oh boy, if we ever get that foolish over here, let us know. Instead of buying pants, we're going to buy something to cover our backs with, and let the legs take care of themselves.

Franklin high has announced their schedule for next year. Rushville plays there, Saturday night, February 20, according to the arrangements.

In lamenting the fact that it will be five weeks between games for Washington, since the Vincennes game and the sectional tourney, Speaking of Sports in that city says:

Next year, however, we shall

WINNERS HAVE MARGIN OF 10

Too much Alexander proved the downfall for the Arlington high school team Friday night at Arlington, when Moscow came out ahead by a ten point margin in a fast and exciting game, with the final count being 49 to 39.

Alexander, the elongated center for Moscow, couldn't be stopped and counted 16 baskets. Kennedy and Price were the point getters for Arlington, with 7 and 5 respectively. The first half ended Moscow 25 and Arlington 18.

Newcastle is saving their sympathy for Rushville for the sectional tourney. We may need it, Markin' 'em up, and we might have a chance to swap sympathy with you, if Knightstown, Mooreland, or some other team upsets you.

THEY'RE LIABLE TO RUN OUT OF CONTRACTORS

Rushville and Greensburg are both seeking new gyms. Washington has worked out plans for a new playing floor to be constructed during the summer and spring and Vincennes is expecting to have one. It looks like a high summer for some of the contractors.

WEBB FIVE TROUNCES THE ALUMNI QUINTET

Game Featured by Good Offense of High School, Which Won Through Old Boys at Will

MORGANS WERE COMING GOOD

Webb high school trounced the Webb alumni team Friday night, 38 to 29, in a good game of basketball, featured by the good offense of the Webb team, which went through the defense of the alumni team almost at will.

The first half ended 19 to 11 and from then on the Webb team managed to keep the margin. W. Morgan and R. Morgan hit the basket regularly for the winners and for the alumni Fair and Hill were the point getters.

The line-up and summary: Webb 38 Webb Alumni 29 W. Morgan F P. Myers Kirk F H. Myers R. Morgan C Fair Geisse G Hill Hangerford G A. Myers Substitutions, Warlick and Pate. Field goals W. Morgan 8, R. CARTHAGE ALUMNI LOSE

The Carthage basketball team defeated the Carthage alumni Friday evening at the Carthage gymnasium, 12 to 11. The game was well played and the score throughout the game was close, close guarding being the feature of the game. The first half ended eight to five. This was the last scheduled game for the season for Carthage.

FIRE SWEEPS C. I. & W. SHOPS

Indianapolis, Feb. 26—Loss of \$25,000 was caused by fire which early today swept repair shops at the Cincinnati, Indianapolis and Western railroad yards here. Railroad officials were investigating to determine cause of the blaze.

HIGH SCHOOL REFLECTOR

THE RALEIGH SCHOOL

Mr. Seales gave us a good description of the home of Washington, which he had visited last summer, as opening exercises Monday morning.

The boys last game of basketball was played Friday night with New Salem.

Elwood Kitcham, Arthur Clifton and Merle Craig visited school this week.

The Senior English class has completed their work in the study of classics.

The Junior English class has taken up the study of Current Poetry in the Library Digest.

The Senior class cleared over \$60 Friday and Saturday by serving lunch at the Independent basketball tourney held in our gym.

The senior class has decided to give the play, "Farm Folks."

The Third Grade has been playing a game in multiplication combinations, which has been very interesting. Upon the blackboard has been drawn the picture of a cherry tree which has the motto of combinations written upon its branches. The children who can pick all the cherries or combinations may see their name written under the tree. The following children have picked all the cherries: Fern Wagener, Catherine Martin, Donald Harris, Beatrice Lord, Franklin Merritt, Hazey Mary Shepler, and Albert Hill.

Wilma Bridgeman and Nina French, freshmen, will enter the Latin contest, which will be held at Rushville.

INGS SCHOOL

ORATORICAL

The local school elimination for the oratorical contest will be held March 20. All the members of the Sophomore and Junior History class are preparing essays on the "Constitution" but only four are intending to enter the contest. They are Clara Cortner and Clyde Gordon, juniors; Adrian Eckart and Robert Myer, sophomores.

The Gung Junior basketball team are intending to enter the Jackson township tourney Saturday.

Miss Pierson visited school last Wednesday and gave us a few suggestions which might help us to recognize the records for the Music Memory contest.

The following were selected as class chairmen for preparing programs for opening exercises: seventh, Frances Brooks; eighth, Lowell Travis; freshman, Jesse Eckart; Sophomore, Robert Meyer, junior, Alice Eakins.

The Sophomore and Junior English classes are studying a book of which increases the salaries of completed "The Rime of the Ancient Mariner." They were given a test covering this poem last Friday.

The Freshmen English class has just completed the study of "Julius Caesar" as a classic and had a test on it Thursday.

The Geometry class has completed book three and are taking some numerical exercises at the end of this book.

TWO SICK WOMEN REGAIN HEALTH

Through the use of Lydia E. Pinkham's Vegetable Compound. Read their Letters

Valdosta, Georgia.—"I was troubled with a very severe female weakness accompanied by some very unpleasant symptoms and with pains in my back, sides and legs. Since taking a treatment of Lydia E. Pinkham's Vegetable Compound I am better in every way, and the unpleasant symptoms have disappeared. Your medicine is wonderful for nervous, run-down women."—Mrs. L. O. DASHNER, R. F. D. 4, Box 14, Valdosta, Georgia.

Relief from First Bottle Battle Creek, Michigan.—"I had great pains and swelling in my sides, pains so bad at times that I could not do my housework or stand on my feet for weeks and I was in a very nervous condition. In a Cleveland paper I read a letter about Lydia E. Pinkham's Vegetable Compound. I have had great relief from the first bottle and I shall continue its use because I believe and know it helps me. I want to help other women all I can and I am willing to answer letters and tell them what the Vegetable Compound has done for me."—Mrs. C. E. PALMER, 247 Champion Street, Battle Creek, Michigan.

LET THESE COLUMNS BE YOUR GUIDE

THE OLD HOME TOWN By Stanley

GROUND BROKEN FOR PAROCHIAL SCHOOL

Continued from Page One The Fifth street entrance, there will be club rooms for the various church organizations on the right and left of the entrance. To the extreme right will be installed two bowling alleys, and other features for the organizations will serve as a community center for the church.

In one wing will be a kitchen for preparing meals at functions which can be held in the large gymnasium. The gym occupies the north half of the main floor, with a floor space of 45 by 66 feet. The stage is on the west end, and is to be about 26 feet square. The distance from the floor to the truss supports will be 25 feet.

When an entertainment is given on the stage, seats can be placed on the gymnasium floor, and there will be room for several hundred people in the balcony that extends on both sides and on the east end. A motion picture booth also will be installed in the balcony at the east end.

The gymnasium can be used also as a banquet hall, with a kitchen adjoining. In this manner the entire lower floor of the building will be for the community interests associated with the church.

As stated before, the second floor the building will be for the class rooms, and ample room is provided for this purpose on the south half of the building, with a wide corridor running east and west and the north half is used for the balcony that is over the gymnasium floor.

On the main floor also are toilet rooms with showers, and also dressing rooms for boys and girls to use when changing into their gymnasium suits.

The building will be flat roof construction with two offsets in the front on Fifth streets, making it

stand out distinctively in designs. The building will be heated from the central heating plant in the St. Mary's church. This heating plant now serves the church, parsonage and also the home for the Sisters at the rear of the church property.

The frame building that has housed the school and also the frame building that has acted in a measure as the church hall, will be torn down when the new combined building is finished, and the lawn will be terraced and graded to conform to the natural slope of the land.

The plan for the new building was started several years ago, when a campaign was launched for funds, and by untiring efforts from all organizations of the church, and from donations, an amount has been raised to fulfill their plans. When it is completed, it will stand out foremost among buildings of its kind in this section of the state.

After the contract has been awarded, plans will then go forward for the corner stone laying, and a program will be outlined and announced for the ceremonies.

STATED CONVOCATION

A stated convocation of Rushville chapter No. 24 will be held at the Masonic temple Monday night, followed by work in the council degrees.

There will be inspection in the council and chapter Tuesday night by the grand lecturer, Herbert A. Graham of Frankfort.

PRESIDENT TOF GERMAN REPUBLIC DIES TODAY

Continued from Page One ing critical days until early today when a sudden relapse occurred as physicians were beginning to restore hope of his recovery.

His sturdy physique, weakened by the poison of peritonitis, failed to rally from and he died at 10:15 a. m.

Frau Ebert, his son and daughter and his son-in-law and secretary of state, Meissner, were present at the death bed.

An official bulletin said Ebert died without regaining consciousness, the agony of his pain overcoming him early this morning.

It was understood a Catholic bishop was in the sanitarium but not summoned.

All Women Can Look Well if in Health

Champaign, Ill.—"Ever since I developed into womanhood I have been troubled with functional disturbances and fainting spells. I was under a physician's care, but no medicine I took seemed to do me any good. A friend, who had gone through the same experience as myself and had found such help by taking Dr. Pierce's Favorite Prescription, urged me to try it. I tried it and to my great delight the Prescription brought about a wonderful change, every organ functioning correctly. I can speak in the highest praise of Dr. Pierce's Favorite Prescription."—Mrs. S. W. Knott, 1212 N. Market St.
